

HOUSE OF DEPUTIES MEETS IN OCTOBER

Episcopalians to Select New
Leader on the Occa-
sion.

RECTORS IN THE RACE.

Narrows Down to Rev. Dr. Manning,
of New York, And Rev. Dr. Mann,
of Boston.

New York, Aug. 11.—The canvass for president of the House of Deputies of the Episcopal general convention, meeting in this city in October, seems now to have narrowed down to the Rev. Dr. William T. Manning, rector of Trinity Church, and the Rev. Dr. Alexander Mann, rector of the Trinity church Boston. The honor is a high one, and the place one of power, although there is no salary attached to it.

The present president, Rev. Dr. McKim, will fight from the floor the proposition to change the name of the Episcopal church, but it is an odd fact that this controversy, a bitter one, seems not to enter into the campaign for president of the house any more than high and low church differences. The Rev. Dr. Manning would be classed as high, while the Rev. Dr. Mann is low and broad. The former favors a change of name some time, but not until such change can be made without friction.

The only objection to Dr. Manning seems to lie in the fact that the last Trinity rector has five years in the same chair and some do not wish it to appear that the high office is permanently to be New York's property; but the tide seems to be setting almost strongly toward the Boston rector.

In the house are ten strong men who, under some circumstances, might be expected to stand a chance for the presidency if there were a prolonged contest or a dark horse came up, but four of the ten have never been deputies, and are out of the race. Nevertheless the ten will bear watching, both in the present campaign, now at its height, and during the discussions in the convention itself over the controversy of change of name, which will certainly be prolonged, and some other heated topics.

FIRE IN SAWDUST.

During the height of yesterday's storm members of the Columbia Steam Fire Engine Company, who were at the engine house, prepared for emergency alarms, were suddenly startled by a terrific crash of thunder following a vivid flash of lightning. In a few minutes a strong odor of smoke assailed their nostrils. "The engine house is on fire!" yelled one of the boys and no little excitement ensued at the thought that the engine house had been struck by a bolt of lightning. A still hunt failed to discover any fire, although the smell of smoke continued strong. John C. Taylor finally discovered the fire in a box of sawdust which was smoldering in a corner of the men's room.

REPAIRS TO HOSPITAL.

Fund Being Raised to Pay Expenses
Due to Storm's Damage.

The Alexandria Hospital is greatly in need of funds to pay for the repairs to the building made necessary by the damage during the severe storm ten days ago. The cost of the repairs will amount to several hundred dollars.

A subscription has been started to raise the funds for this unexpected expense which will tax the resources of the institution if compelled to pay for the current funds. One subscription of \$25 has already been received. Cash may be sent to the office of the Gazette or left at the First National Bank, the Citizens National Bank, the Alexandria National Bank, Bank and Trust Co. or sent to the hospital, 420 Wolfe street.

Every one in Alexandria is urged to contribute something to this emergency fund which is so greatly needed. If desired the names of persons so contributing will not be published.

NEWS OF THE DAY.

Downtown streets of Denver, Col., were congested last night when thousands of persons thronged the business section to view the electrical illuminations for the Knights Templar conclave. One incident was quite embarrassing to a pretty girl and her escort. The two found themselves wedged in the crowd. The man tried to free his companion, and as he grasped her hands and pulled, something ripped and kept ripping. In a moment what had been the girl's skirt lay limp and loose at her feet. She fainted. Policemen forced the men to fall back and after the young woman's escort had considerably and blushing wrapped his coat around her, she was placed in an electric car and taken home.

Able to swim only a few strokes, Herbert Vilkomerson, 20 years old, a clerk in the bureau of standards, in Washington, lost his nerve yesterday afternoon when he got beyond his depth in the river, just below Chain Bridge and drowned, although several other bathers went to his aid. Vilkomerson was still alive, when two young men, having dived for him again and again brought him up, but he died soon afterwards, despite efforts to resuscitate him.

One of the greatest radio stations in the world, even eclipsing the new station at Arlington, Va., is to be constructed by the United States at Calisto, in the Canal Zone. It will be known as the Darien Radio Station, and whereas only one of the Arlington towers reaches the height of 600 feet, all three of the towers at Darien will be that high.

Henry D. Rogers, a banker, was killed and Dr. L. H. Adler, and Wm. Longa chauffeur, all of Philadelphia, were seriously injured in a collision between their touring car and a heavy motor truck near Manassas, N. Y., yesterday. The identity of the truck could not be learned.

A daring jewelry robbery was made at Cronest, Kennepunkport, Me., near the summer home of Mrs. H. M. Forrest, a wealthy widow of Philadelphia, yesterday. Diamonds valued at more than \$9,000 were obtained by the thieves.

Mrs. Groschowski yesterday told Wilhelm Feldman, of Philadelphia, that she had caused a warrant for his arrest to be issued. Feldman then shot and seriously wounded her. The shooting occurred at a restaurant where the girl is a waitress. Feldman and the girl were engaged to be married and it is said that the man had postponed the ceremony several times. The girl chided him for the delay and he is said to have abused her. Then she threatened to leave him. Arrested, Feldman is held to await the girl's injuries.

Formal charges of manslaughter in the second degree were returned Saturday by the coroner's jury in Birmingham, Ala., against two officers and two members of the lodge of the Loyal Order of Moose in connection with the deaths of Donald A. Kenny and Christopher C. Gustin. Kenny and Gustin died as they were being subjected to an electric shock, which was a part of the initiation ceremony.

An American steamboat has been fired upon by Chinese rebels. Admiral Nicholson, commanding the U. S. fleet in Chinese waters, reported the matter to the Navy Department yesterday from Nankin. He gave no details. The admiral further reported that the Chinese government troops are victorious in their battles, but that troops who have deserted the rebel army are threatening disorder at Nankin.

Cardinal Gibbons arrived in Chicago Friday enroute to Milwaukee, to preside over the meeting of the Federated Catholic Societies. He was met at the station by Archbishop Quigley, Bishop Dunne, of Peoria, and Bishop O'Connell, of Richmond, Va. Reporters crowded around him and asked him questions. "Personally, I do not believe in women's voting," was the Cardinal's reply to questions concerning women's suffrage. "I have always opposed it. The church has not passed on the subject. I have the old-fashioned idea about the woman and the home. I think women would better make good mothers than good politicians. But suffrage is certain to come to women."

LIND'S ARRIVAL A TAME AFFAIR

Holds Conference With
Charge d'Affaires
O'Shaughnessy.

NO INTEREST SHOWN.

Correspondent of Washington News-
paper Arrested by Order of Huerta
—No Cause Given.

Mexico City, (via Galveston), Aug. 11.—John Lind, special adviser sent by President Wilson to the American embassy, today held a long conference at the embassy with Charge d'Affaires O'Shaughnessy. Dr. Wm. Payard Hale, also representing President Wilson in Mexico, attended.

The arrival here of Lind was a tame affair as far as the Mexicans were concerned, being without excitement. Crowds of natives and foreigners watched the American as he alighted at the railway station, and Mrs. Lind, and drove to the hotel Lascruian. He was accompanied from Vera Cruz by Dr. Hale and was met here by O'Shaughnessy.

As no time has there been any demonstration around Lind and apparently the people are but little interested in him or his doings. So far, the Mexicans have learned nothing about Lind's mission. He has seen no one but the staff of the embassy.

The lack of interest displayed in the arrival of Lind was in a measure due to the Huerta demonstration that was going on at the time the special envoy reached the capital. More than 1,800 students with rifles and banners marched through the streets, cheering the provisional president for his attitude on Lind's coming.

Huerta authorized the demonstration and issued the rifles to the students. Mexico City via Galveston, Aug. 11.—Marin Ferree, the correspondent of the Washington Times, was arrested last night by order of Huerta. The charge against him has not been made public.

YOUNG SAUNDERS AT HOME.

Fake Dispatch Stating That he Had
Been Killed in Alexandria.

Edgar Saunders, 18 years old, who caused his parents, Sergeant and Mrs. John G. Saunders, of 210 East Thirteenth Street, south Richmond, untold anxiety Saturday night, when they received a telegram sent under an assumed name to a friend that he had met death in Alexandria, reached home last night. Broken down by the realization of the shock young Saunders was unable to offer any explanation, and, on the advice of the family physician, his parents refrained from questioning him.

Young Saunders spent Saturday night at the home of an uncle in Alexandria. After the message was sent, he retired for the night, and it was on the receipt of a telegram from the agonized parents that the uncle was first aware that anything was wrong. He immediately communicated with Sergeant Saunders, of Richmond, and a friend of the family volunteered to come to Alexandria after the boy. Before he reached here, Edgar caught the first train home.

The telegram which caused the trouble was addressed to Miss Estelle Riddell, of 315 South Cherry street, Richmond, and read as follows: "Edgar killed at Alexandria. Ship body Sunday. Arrive Richmond 2:45 p. m. Notify his mother."

The message was signed "James Gill."

J. C. Gill is a policeman of this city. He had heard nothing of the telegram.

It was said in Richmond that the telegram was prepared and sent by the youngster himself in order to scare a girl friend.

POSTMASTER CUT.

Frank Mattingly Attacked by Charles
Barnard, Machinist at Indian
Head.

A difficulty occurred on Friday between Frank Mattingly, postmaster at Indian Head, Md., and Charles Barnard, a machinist, at that place, during which the former was cut by Barnard, who stabbed him in several places. A surgeon took nineteen stitches in the wounds. Another man, who was present, succeeded in keeping the two apart, otherwise more serious consequences would doubtless have followed.

The difficulty was the outcome of the act of Mattingly's cow which it is alleged, broke down a fence on the Barnard place and destroyed growing vegetables. Barnard's son, it is charged, shot the bovine, which incensed Mattingly, who made threats of instituting a suit against Barnard if he failed to pay damages.

On Friday, according to statements made by parties from Indian Head, Mattingly called the elder Barnard into his office, and becoming menacing, Barnard drew a knife and made an attack on the postmaster, inflicting several dangerous stabs. The assailant was taken in custody and later released after he had furnished bond in the sum of \$250 for his appearance before the Charles county, Md., court.

partment for The Gazette.

It is the earnest desire of the management of the Gazette to have each subscriber served promptly and a great favor will be conferred if subscribers will notify us at once of any complaints. Suggestions looking to the improvement of the service will be gratefully received.

Edward Walker, who has been in charge of the circulation department will be Mr. Heyl's assistant.

BALKAN TROUBLE WILL NOT DOWN

Situation Again Serious Be-
cause of Treaty Pro-
vision.

TURKISH PROBLEM.

Two Hundred Turks in Thrace Men-
acing Peace of Allies—Porte's De-
mands.

London, Aug. 11.—With the Balkan peace treaty signed and out of the way the powers today faced a more serious Turkish problem because of the treaty's provisions. The peace pact provides for the immediate demilitarization of the Bulgarian army and the question now confronting the great powers is who will force the Turk to respect the new frontier fixed by the treaty of London.

A force of more than 200,000 Turks now is in Thrace, and their activities menace the peace of the Balkans. Bulgaria, Serbia, and Greece are apprehensive that the Ottomans will become more aggressive with the withdrawal of the Bulgarian forces.

A dispatch from Constantinople says that the port's answer to the powers' demand that Adrianople be evacuated and the new frontier respected is evasive in terms.

NEGRO FINED TEN DOLLARS.

Excitement Caused by Arrest of Negro
Supposed to be "Jack the
Hugger."

Considerable excitement was caused in the southwestern portion of Alexandria early Saturday night when Policeman Miller arrested John Davis, alias Washington, a negro man, 41 years old, who was suspected of being the man who annoyed several young white girls in that section of the city. Davis, who it was said, tallied with the description of the unknown negro who is wanted by the police was found at the corner of Columbus and Duke street. He had been drunk and disorderly. Davis ran in the direction of the Southern Railway roundhouse. He gave the officer a long chase before he was captured. A number of men and boys aided the policeman in running the negro down. When Davis was brought to the police station he gave his name as John Washington, but was afterwards identified as John Davis.

Several young girls who were annoyed by the attentions of "Jack the Hugger" were brought to the Police station yesterday morning but were unable to identify Davis as the man who had annoyed them.

After having been locked up at the station house the prisoner broke a skylight in the cell. He placed a wooden bench on an end in order to reach the ceiling, and falling in a heap all night. When brought into the Police Court this morning he appeared to be suffering from injuries and stretched out upon a bench in the dock. He was fined \$10.

RESIGNATION OF SULZER IS URGED

Would Have Governor Quit
to Relieve Him of
Strain.

MATTER OF FINANCE.

Enough Democrats in New York As-
sembly to Initiate Impeachment
Proceedings.

Albany, Aug. 11.—Close friends of Governor Sulzer are bringing strong pressure upon him to resign his office, relieve himself of the terrible strain which is undergoing, and save the state the disgrace of an attempt to impeach him for his indictment under the corrupt practices act. It was said that men who heretofore had been foremost in urging the governor to keep up the fight had weakened and were counseling him to take the shortest course out of his difficulties and get out of office at once.

These friends argue that if he makes a fight in the courts it will take all the money he has, while if he resigns he will have sufficient to live on in an economical way.

After a long conference, with some of his close political advisers, Governor Sulzer issued a short statement denying absolutely that he ever used campaign funds for speculative purposes.

The general impression is that with a majority of more than two-thirds in the assembly, there will be enough Democratic votes in that body to initiate the impeachment proceedings contemplated without the aid of the republicans or progressives. Seventy-six of the 102 Democratic assemblymen would be sufficient to accomplish that end.

WATER MAIN BREAKS.

Employees of the company (later arrived and cut off the water and today the work of replacing the broken main was in progress.

The Fairfax street sewer is about to be carried into Wilkes street, and an open trench had been dug. The cave in occurred in this trench.

FIRE IN THE COUNTY.

"Cabin on the Hill" at Mount Ida Destroyed Last Night.

The old house that for many years has stood on the crest of the hill of Mount Ida, about 5 miles northwest of Alexandria, as the "cabin on the hill," was destroyed early last night by fire, which is supposed to have resulted from a bolt of lightning. The house was the property of Mrs. Geo. Uhler, of Alexandria, and was unoccupied.

This house was built more than 170 years ago by Charles Alexander, one of the members of the family in whose honor the town of Belle Haven changed its name to Alexandria.

The flames practically had destroyed the house before the fire was discovered, and nothing could be done to prevent its entire loss. Only the two massive chimneys that stood at either end of the structure were left when the flames had burned themselves out.

ANOTHER STORM HITS CITY

High Winds and Heavy Rain, But no Material Damages Follow

The weather yesterday was sultry and uncomfortable, keeping many people off the streets. The attendance at the churches was slim.

Late in the afternoon black clouds formed in the northern heavens and lightning and the sound of thunder showed a disturbance was prevailing north and northwest of this city, Baltimore, Philadelphia and New York having been struck by heavy storms. The wind soon shifted to the northwest and the thunder cloud settled over this city and vicinity. The wind blew fiercely during a short period causing some apprehension among many who had witnessed the hurricane and its effects on the 30th ultimo. Some branches were twisted from trees, but no serious damage resulted. There was rain again last night, during which the temperature fell. While the rainfall was copious in this city and neighborhood, but little fell south of this city.

The storm was fierce in Washington and many trees were blown down. High winds and heavy rains also prevailed in Baltimore and lightning caused considerable damage.

By far the worst storm experienced in Philadelphia in years swept down upon that city and its suburbs about 5 o'clock in the evening, bearing with it death, injuries, and destruction of property. Two persons were killed, a score or more injured, and unusual incidents of large variety resulted from the storm's fury.

New York City sweltered yesterday in an ovenlike temperature, which caused the street thermometers to rise to 103 1-2 degrees at 2:30 o'clock in the afternoon. An electrical storm, which brought a measure of relief to the suffering, caused the death of four men and the injury of scores of others. One man was prostrated by heat and died. Great damage was done by the storm in the Bronx and Harlem, and hundreds of trees were blown down. Windows were shattered by large hailstones, and small craft on the Hudson and Harlem rivers and in Pelham bay and other waters in the vicinity of the city were capsized.

The Cardinals were determined to win and made a whirlwind start, tallying eight scores in first inning and had an easy time until the contest was called on account of the storm in the seventh inning.

"Wizard" Burgardine had the Sox baffled at all times and won with ease. He was given gilt-edge support by his team mates and deserved to win.

BOOMING DAVIS FOR GOVERNOR.

President of Farmers' Institute Smothered Efforts of His Friends.

Lynchburg, Va., Aug. 11.—The tenth annual convention of the Virginia Farmers' Institute closed Friday afternoon, leaving the time and place for the next meeting to the executive committee.

The directors whose term expired at the convention were re-elected, and the following were elected: President, James Bellwood, of South County; J. H. C. Beverley, of Essex County; Westmoreland Davis, of Stafford County; Walter E. Hathaway, of Lancaster County; and John T. Lewis, of Mecklenburg County.

At the morning session President Davis smothered an effort on the floor to launch a boom for him for governor four years hence. Later, when asked relative to it, Mr. Davis laughed it off, saying "The people are too kind."

The woman's auxiliary elected the following officers: President, Mrs. Mary Dillar, Lynchburg; vice-president, Mrs. Ella Agnew, Burkeville; secretary, Miss Nina Sheppard, Winchester; treasurer, Mrs. C. E. Jones, Fluvanna County. Executive board—Mrs. E. M. Doogan, Manassas; Mrs. Richard Eppes, Petersburg; and Mrs. Sallie Walton, of Hollins.

RAILWAY TO ARBITRATE.

Contractors Claim \$300,000 From Norfolk And Southern.

Lynchburg, Va., Aug. 11.—An announcement has been made by a representative of the Lane Brothers Co., general railway contractors, that the Norfolk and Southern Railway had agreed to arbitrate a claim of the contractors amounting to about \$300,000, alleged to be due for construction of an extension of that system from Raleigh to Colon, N. C. A change of route, increasing the cost of construction, is said to be the cause for the increased cost.

E. D. Baker, of Cumberland, Md.; H. Fernstrom, civil engineer, of the Virginian Railway, and Judge Hancock, of the Norfolk Corporation Court, have been chosen as the arbitrators and they will begin their work August 18th at Norfolk.

RICHMONDER DROWNS.

Harry Goodman, One of Merry Excursion Party Finds Watery Grave.

Newport News, Va., Aug. 11.—Harry Goodman, of 503 West Cary street, Richmond, was drowned late Saturday afternoon while bathing at Buckroe Beach. Although there were hundreds of other bathers around him at the time, no one knew of the tragedy until George Benson, of this city, touched the body in diving. At first he did not know what the object was.

Although efforts were made to resuscitate the man, by those who had recovered the body assisted by a physician, they were unavailing. It was said that Goodman had been dead only a short time when his body was found by Benson. The water was not deep at that point and just how he managed to drown without the knowledge of the other bathers, is something of a mystery.

Three men were killed, one fatally and another seriously injured, in an automobile accident near Wyandotte, Mich., yesterday.

NEGRO BOSS FOR WHITE GIRLS.

Otherwise the Virginia Industrial School Seems Well Managed.

Richmond, Aug. 11.—The conduct and management of the Virginia Home and Industrial School for Girls at Bon Air is again being probed by the State Board of Charities and Correction. A hearing was held Friday day at the Capitol.

The evidence tends to show that the home is properly managed with the exception that Beverly Banks, a negro, is allowed to "boss" the white girls at the institution and has complete control of them while at work in the gardens.

Miss E. Wright, an expert on mentality, testified that she had examined 32 of the girls at the home and found two perfectly normal, two in which mentality was uncertain, four were backward and the rest were feeble-minded.

Witnesses testified that the negro Banks treated the girls kindly, but that he called them by their first names. The general trend of evidence was that with the removal of the negro as "boss" of the white girls there was nothing to be changed in the conduct of the institution under the management of Mrs. J. H. Light, who has the girls under perfect discipline.

The board will report its recommendations to Governor Mann.

MURDERED MAN BURIED.

Feeling Against Alger Brothers, Alleged Slayers, is Bitter.

Luray, Va., Aug. 11.—Oswald Gray, who was stabbed to death in the Blue Ridge on Friday night by Thomas, Emmanuel and Leon Alger, was buried yesterday from the home of his father, R. O. Gray, in the foothills of the Blue Ridge.

Raymond Gray, cousin of the murdered man, was also beaten by the Alger boys. Oswald Gray's body was a mass of wounds and bruise, which are said to have been made by a black jack. Feeling is running high, and friends of the murdered man have said the Alger boys should be taken from jail and burned.

Two of the Alger boys came to Luray last night and are now in jail. Leon Alger was arrested early this morning by Sheriff Sedgwick and Deputy Sheriff Reynolds at a summer resort on the Blue Ridge.

BEES CAUSE REIGN OF TERROR.

Sting Horses Almost to Death and Clear Streets of Humans.

Danville, Pa., Aug. 11.—An immense swarm of honeybees, including all those in several hives, are responsible for a reign of terror in Riverside, where, within several squares, every one was driven off the streets and many from their homes, while two valuable horses owned by Francis Steffern, were nearly stung to death.

The bees which caused the trouble had been hauled several miles and were in no amiable mood. No sooner domiciled were they in their new quarters when they decided to swarm.

The horses, partly unhitched, were the first objects the bees saw. Helpless and defenseless, they proved an easy mark. The driver, Harry Hogenboder, vainly tried to free the horses of their harness, but before he succeeded he was so badly stung he was forced to flee and let the horses take care of themselves. Others finally ran to the aid of the horses and freed them, although badly stung themselves.

Meanwhile others of the swarm scattered themselves throughout that vicinity and now scores are nursing frightfully swollen arms.

VIRGINIA APPLES FIRST.

Take Premier Prize at International Exhibit.

Staunton, Va., Aug. 11.—Virginia won first prize at the exhibit at the annual meeting of the International Apple Shippers' Association now in session at Cleveland, Ohio, getting the unanimous decision of the five judges. Last year, at Chicago, at the meeting of the association Virginia received the votes of two out of five judges for first honor.

The association has 500 delegates present from the United States and Canada, the largest meeting it has ever held.

The message announcing Virginia's victory came from William A. McComb secretary of the Augusta County Fruit Growers' Association, who is present as a delegate. Others present from Virginia are Dr. J. B. Emerson, Dr. S. S. Gurrant and Senator S. L. Lupton. The exhibits from Virginia were made by them and by Dr. S. W. Fletcher, of Virginia Polytechnic Institute; William A. Pratt and W. W. King, whose orchards are in Augusta County, and Dr. J. R. Guernant and the Miller School in Albemarle.

JEALOUS OF BOY HE SLEW.

Sweetheart of Young Haynes Testifies at Trial of Glover.

Buckingham, Va., Aug. 11.—In the trial of Mott R. Glover, for murder of young Meade Haynes, which is now in progress, the most interesting witness today was Miss Evie Clyde Holman, a pretty girl of some fifteen summers, who was admired by the slain youth and by the slayer. Miss Holman made an excellent witness for the prosecution and what she told of having taken place prior to the killing went to show that the accused was very jealous of his rival. Cross-examination failed to shake her testimony in the least.

The commission of insanity experts having pronounced Glover sane at the present time, the efforts of the defense seem to be bent on proving him insane at the time he killed young Haynes, and one of the most pathetic sights imaginable was when the defendant's aged father and mother took the stand and told of things which have taken place in their home life and which they thought tended to show their son of unsound mind.

The accused sits in court rolling a handkerchief on his knee, smiling occasionally at some amusing happening and at other times in tears at what is being said of him.

The prosecution, having established the fact of the killing, is now trying to prove that jealousy was the cause and that the accused was sane at the time.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

UNNECESSARY EXCITEMENT.

Early last Saturday night the po-
lice were notified that a drunken and
disorderly negro was causing annoy-
ance to people in the neighborhood of
Duke and Henry streets. Officer Mil-
ler went to the scene and the negro,
upon seeing the policeman, ran. The
latter followed the "darkey" closely
from place to place, through a nearby
cemetery and into a house. The offi-
cer located the fugitive, when the ne-
gro jumped from a window. Officer
Miller discharged his pistol at him
and later he was captured.

Many persons, mostly boys, had
joined in the chase, and the report
spread that the negro had embraced a
young woman and was the same man
who intercepted three young women
on south Alfred street several weeks
ago. Before long the report had
grown somewhat, when it was noised
around that the negro had attacked
a young white woman in the First
Ward, and that his victim was in a
critical condition and had been taken
to the Alexandria Hospital. The
rumor continued to grow until it was
alleged that the man captured by the
police was a well known white resi-
dent in the First Ward, who had
blackened his face, and, while mas-
querading, had made the assault.

By this time considerable excite-
ment prevailed, and some of the more
explosive hinted of saving the court
any trouble in the case.

Mayor Fisher, upon learning of the
matter, repaired to the station house
and made a thorough investigation
and also perfected arrangements to
preserve the peace should any overt
action be taken upon the part of any
persons.

The above is given to show the
great responsibility resting upon peo-
ple who exaggerate anything they
hear and aid in fanning flames to law-
lessness. The white man whose name
was mentioned in the case, was of
course, ignorant of the entire affair.
Two acts of violence occurred in Alex-
andria in comparatively recent years,
and another was narrowly averted by
the removal from the city of a white
man, who, it was later shown, was
not guilty of a capital crime.

LIGHTNING KILLS LOCK MAN.

Bolt Injured Two Others of Card
Party It Shocked.

Norristown, Pa., Aug. 11.—During
a terrific storm yesterday evening one
man was killed and two were injured
when lightning struck the lock
tender's house at Bridgeport. The
dead man is John Nolinski. The in-
jured are John Golden and Samuel
Richards. The three men were play-
ing cards when a bolt of lightning

struck the building. Nolinski died
while on the way to the hospital.
Golden and Richards will recover.

Much damage was done by the
wind. Large trees were blown down
and the trolley cars were put out of
service for several hours. A trolley
car was struck by lightning at Main
and Market streets and a number of
passengers were stunned. Werkiser's
ice house west Elm street, was also
struck by a bolt and set on fire. The
flames were extinguished before much
damage was done.

A large boat loaded with passeng-
ers returning from the picnic
grounds on Barbadoes Island got
caught in the storm when opposite
Franklin Avenue. It was with con-
siderable difficulty that the boat
reached her landing. The hundred
passengers were badly scared.

WOMAN DROWNS.

Pitches Into Delaware River While
Rowing Boat.

Philadelphia, Pa., Aug. 11.—A vic-
tim of her own skill in rowing, Mrs.
Clara Jenner, 40 years old, of Ken-
sington, was drowned yesterday in the
Delaware river, near the mouth of
Penasu Creek on the New Jersey
side. She toppled over the side of
the boat while trying the oars. Jas.
Richardson, one of her companions,
dived into the water after her and
made a gallant attempt to save her,
but she disappeared beneath the sur-
face before he could reach her.

CHILD'S HEAD IMPALED.

Handle Bar of Bicycle Pierces Her
Skull in Collision.

Philadelphia, Pa., Aug. 11.—Four-
year-old Julia Kinsley, of 1443 South
Colorado street, was probably fatally
injured yesterday by being struck by
a bicycle in front of her home. She is
in the Polyclinic Hospital suffering
from a fractured skull. The handle
bar of the machine penetrated the
child's head to the depth of nearly
three inches, and surgeons at that
institution doubt that she will live
more than 24 hours.

The child was crossing the street
after leaving her mother on the front
step. A boy on a bicycle came along,
riding rapidly, it is said. Before he
could turn aside the bicycle crashed
into the child, throwing her to the
ground. The rider and the machine
fell on her, one of the handle bars
striking her head.

SEVEN PERSONS DROWNED.

Three Others of a Party Going to a
Dance Saved.

East Freeman, Mass., Aug. 11.—
Six women and one man were drown-
ed and three other persons were saved,
when a motorboat sank in Long
Pond last night.

The party was bound for a dance
at Lakeside Park. Soon after leaving
shore the boat sprang a leak. Some
reports said that the bottom dropped
out.

Darkness added to the difficulties
of rescue work. Mr. Macey's boat
was the first to reach the scene.
By the time other boats arrived no
other bodies could be found.

New Bedford police, with grap-
pling irons, were hurried to the scene
and every available boat was pressed
into service to search for bodies, but
up to midnight last night none had
been recovered.

VIRGINIAN KILLED.

Killed by Wife Who Says She Shot
in Self-Defense.

Raleigh, N. C., Aug. 11.—Henry
Clay Grubb, formerly of Richmond,
Va., killed Obidiah Davis, his broth-
er-in-law, eight years ago at Piney
Church, Davidson county, and was ac-
quitted. With the same pistol Mrs.
Grubb, sister of Davis, killed her hus-
band.

Badly beaten, stabbed and her ear
clipped, Mrs. Grubb was unable to
give details of the fight which she
and her husband had today, when she
shot him three times. She has not
been arrested. She testified before
the coroner that Grubb had cruelly
treated her recently, and that she
killed him while he was drunk.

Grubb was the richest man in the
county, worth half of million, and
owner of Salisbury's most valuable
building. Eight years ago he shot
Davis and was acquitted on the
ground of justifiable homicide. Re-
turning from the trial he was waylaid
and almost killed by two negroes,
who declared they had been hired to
assassinate him. Previous to that he
fought a street duel with Jim Green,
and later attacked one of the leading
educators of the state when the state
official was making a public speech.

Imported Japanese Silk Fan

To Every Purchaser of 10c Worth of TUXEDO Tobacco
(ONLY ONE FAN TO EACH CUSTOMER)

These dainty fans—imported from Japan—are made of thin, stretched silk, tastefully decorated. Every one is a beautiful example of Japanese art. They are both ornamental and serviceable, and greatly appreciated by every lady.

Take a fan and a box of Tuxedo home and you will certainly be "in right". Tuxedo doesn't saturate carpets and rugs with strong odors. Your wife will approve this feature and enjoy the delicate Tuxedo fragrance as much as you do.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo is the original granulated Burley tobacco that is the universal choice of thousands of America's discriminating pipe smokers. It is enthusiastically endorsed by noted athletes, statesmen, authors, actors, public speakers and leaders in all professions. Its genuine mildness has made pipe smoking possible to thousands of men.

You can smoke Tuxedo, no matter how sensitive

your mouth or throat. It will afford you complete relaxation, soothing comfort and healthful enjoyment found in no other tobacco. Tuxedo is made from the very highest grade of ripe, mellow Kentucky Burley tobacco—with all its natural mildness, fragrance and flavor fully developed by the famous "Tuxedo Process," that every tobacco manufacturer has tried in vain to duplicate.
